

# ANDERSONVILLE NATIONAL HISTORICAL PARK

## PUBLIC USE COUNTING AND REPORTING INSTRUCTIONS

Following are detailed instructions for collecting and reporting data to be entered on Form 10-157, Revised, Monthly Public Use Report by Andersonville National Historical Park. These instructions are effective the date of issuance and will continue in effect unless changed by amendment or by memorandum from the Socio-Economic Studies Division to the superintendent approving a requested change.

Each item below describes the procedures to be followed in collecting public use data and summarizing the various elements of those data for entry on the corresponding line on the 10-157, Monthly Public Use Report.

### Recreation Visits

1. An inductive loop traffic counter is located on the entrance/exit road to the parking area. The traffic count is multiplied by the persons-per-vehicle multiplier of 3.25.
2. The number of bus tour visitors. This includes ranger tours, VIP tours and not scheduled tours.

### Recreation Visitor Hours

The number of recreation visitors is multiplied by two hours.

### Special Use Data

- Line a. The number of vehicles entering the main entrance
- Line b. The number of visitors on tour
